## Position: Attacking Center Midfield

My name is Adriana Lightfoot and I am in the class of 2025 I am from Williamsburg, Virginia I play the attacking center mid and I would consider my field vision to be one of my best assets. When playing attacking center mid, I am able to pick my head up and find my teammates, attack the space, and create opportunities for my team. I have been described by my coaches and teammates as a leader who is quick, competitive, and hard-working. I also want to out work my opponents and am willing to do whatever it takes.

I aspire to play for a program that will make me a better player, and has a winning but also a developmental mindset. With dreams of playing in college and going pro, I want to be prepared to excel at the next level. I can achieve this by continuing to train hard and using what I learn on the field, as well as capitalizing on every given opportunity.
