

ALIYA COBB

Midfielder

My name is Aliya Cobb I am from Glen Allen, Virginia and in the class of 2027. I primarily play the 6 or 8 for Richmond United. I would consider my physicality and field vision to be some of my best assets. When playing the mid-field, I play with speed and aggression while looking to attack through gaps.

I have been described by my coaches and teammates as a leader who is technical, hard-working, and competitive. I would say my soccer characteristics are being a team leader and I play with passion and a desire to win and outwork my opponent. When playing on the pitch my goals are to dominate my opponent and raise the level of play for me and my teammates by strong defending and taking opportunities to attack and create chances for us to score.

My overall goal is to have a greater impact as a person and player on and off the field. I want to be known as a hard worker who wakes up early and stays up late trying to make her goal of playing in college and even at a higher level come true. I aspire to play for a program that will be competitive and have teammates with the same work ethic as me, not only in soccer but in academics too. I have dreams of playing in a competitive D1 environment and I always want to be the most prepared to excel at the next level.
