

KAYCI KONAH

OUTSIDE BACK & WING

I am born and raised in Richmond Virginia. I am in the class of 2025. I currently play on the U17 Richmond Kickers Elite Red team. We play in the ECNL RL. My main positions are outside back & wing where I use my speed, agility & foot skills to make good passes and create scoring opportunities for my teammates. I excel in one on one defending where I am aggressive but make good decisions to win possession of the ball & avoid passes to the middle. I'm dedicated & work hard to improve my skills. My goal is to play in college for a competitive team with a positive environment.

I've put in many years of dedication, practice, time and energy into being the best soccer player I can be. Even though I spend a lot of time training, I also like to spend time with my family and friends. I love creating art, from digital-art to painting & drawing. I also enjoy being creative with fashion and expressing my personality through my clothes. My love for art is what drives me to want to get a Marketing degree like my Mom. I'd love the opportunity to join a college team and make an impact. Please don't hesitate to contact me!
